Oars  
Foot pump  
Repair kit

## REBEL SUPERYACHT SERIES

Our Rebel Superyacht Series is the perfect choice as the luxury tender for your superyacht. Made with Hypalon tubes and lightweight marine grade aluminium hull. The 330 is designed to be only 150cm wide so it will fit on the bathing platform or in the garage of your larger craft (our optional RIB style console is available on the SYS 360 and 380). All boats feature a bow locker with cushions, back rest, bow step and sidestep. The Rebel Superyacht Series comes with a 5-year warranty on the lightweight aluminium double hull and tubes. These models can take up to 30hp outboards, but we recommend 20hp and with the benefit of the double floor you can put the fuel tank in the bow locker and run the fuel line under the deck so no unsightly tank or lines around your feet. The colour scheme can be changed on special orders to create the perfect match to your superyacht. This range consists of 3 sizes (330m, 360m and 380m) and is designed to perfectly compliment your larger boat, whilst providing a fast and comfortable ride.
