THE BAYLINER 2556 FB IS A SPACIOUS YET COMPACT FLYBRIDGE CRUISER

The Company normally acts as broker for the vendors who unless otherwise stated is not selling in the course of a business. Whilst every care has been taken in the preparation of these particulars the correctness is not guaranteed and they are intended as a guide only and do not constitute a part of any contract. A prospective buyer is strongly advised to check these particulars and at his own expense to employ a qualified marine surveyor to carry out a survey and / or to have an engine trial conducted by us shall not imply any liability on our part.

Accommodation: Emivere is a practical flybridge that also doubles up as a great fishing boat. Access is via the port side low lever transom step into the spacious aft deck. This space is perfect for fishing and there are 2x rod holders mounted port and starboard. Engine access is under the floor and there is also a modest lazarette. Access to the flybridge is via the starboard side ladder. Here there is a central helm position with seating either side. The central door leads into the main saloon/cabin. You step down into the saloon. The saloon/Cabin is very light and airy thanks to the large windows and light internal colours used. The deck is covered in teak effect EVD decking. Port side is a n Under Dinette berth. However, this hasn't been fitted with bedding, it's been used as a storage space. Opposite is the toilet compartment. Fitted with a hand basin with mixer tap and a manual sea toilet to a holding tank. This is next to the galley which is equipped with a 2x LPG hob (Decommissioned due to BSS regulations). A single halogen hob is provided. There's a stainless-steel sink and the fridge is located opposite the galley under the dinette seat. There's ample storage too. Next is the starboard side helm position. Opposite is a generous 'U' shaped dinette which converts to a double berth. FWD is the 'V' berth.

Owner's comments.

The following upgrades were carried out in 2020.
 The canvas and external cushions were all replaced, Fridge, New memory foam mattresses
 New upholstery in living area, New electric flush toilet.
 Sink and hob in 2020 (Hob decommissioned as recommended on BCC in 2024)
 Solar panel for 12v off-grid support for battery charging and fridge in 2023

Inventory: Navigation lights, Compass, Trim tabs, 240v shore support 2x batteries and Battery charger.
Decks: Anchor, Anchor chain, Manual windlass, Fenders, Warps, Stainless steel pulpit rails and grab handles, Bathing platform with Boarding ladder and Davits.
Safety: Fire extinguisher, Automatic engine room fire extinguisher, Life buoy, Fire blanket, Smoke alarm, Co2 alarm, Horn, Bilge pump. BSS till 20.05.2028.

End of report
